PROMENADE DECK

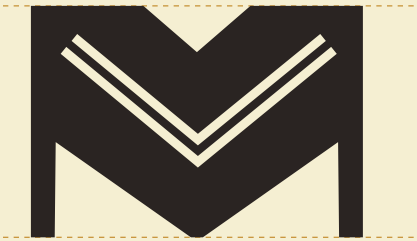

SOLID
plain key m

SINGLE LINE
Shift M

MULTIPLE LINE
Option M

SQUAT AND STOCKY.

Trapu is French for squat and stocky. A solid M is 1004 units wide on a 700-unit cap height, about one and a half times as wide as it is tall. Every letter comes three ways in one font: Solid, Single line with one hairline cut through each heavy stroke, and Multiple line with three. Each style sits on its own layer of the keyboard.

SLAB AND HAIRLINE

Each letter pairs a heavy slab with a hairline of one shared weight; every rounded corner shares one radius.

A and K: the weight goes to one stroke, its partner thins to a single hairline.

SOLID plain keys

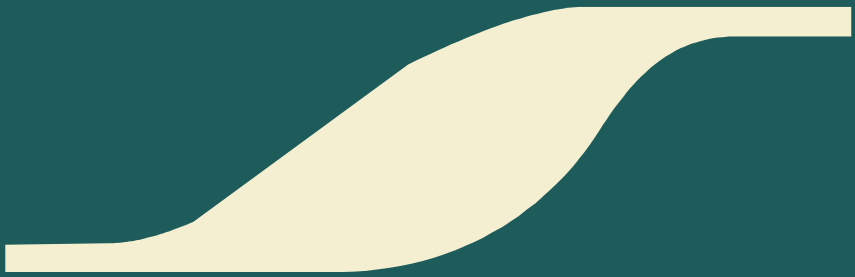

SINGLE LINE Shift or Caps Lock

MULTIPLE LINE Option, Mac US

One font file holds all three styles, so they mix freely in a line and share one set of kerning. E, I, N and U are dead keys on a Mac: hold Shift and Option with them, or press the accent key and then the letter again.

stylistic set 1 / ss01

2234 units long, over three cap heights

The S stretches into a long, low sweep: one smooth underside rising into the top bar. It is the same solid shape in every style.
